To Whom it May Concern:

It is with great confidence that I can recommend to you Mr. Jason DeZurik and his radio program, "***Do Not Keep Silent***" – www.donotkeepsilent.com.

I have personally known Jason for several years. His many talents include being a fantastic speaker in which he challenges and encourages our young adults all accross America to choose the correct path to follow Christ in their daily walk. He confronts them in their school, church, concerts and one-on-one in the streets. He also carries his ministry and message through his very own radio program which he produces in our studios. "***Do Not Keep Silent***" is broadcast weekly at 15,000 watts on our flagship station WXML - 90.1 FM which is the strongest Christian FM station in all of northwest Ohio, reaching literally thousands of listeners.

Jason believes and lives what he speaks about. His dedication and love of the Lord is evident when he ministers to those of all faiths from coast-to-coast.

If you are looking for someone to minister at your church, organization, or concert-- "Jason" will definitely be a blessing to you. He will challenge the unbeliever and encourage the believer by planting Christian seeds that God will nourish unto salvation.

He has very strong communication skills and possess the unique ability to work well with all individuals, motivating and guiding them through the spiritual gifts with which he has been blessed.

It is with all these thoughts in mind, that I can confidently recommend to you, Mr. Jason DeZurik.

With prayerful best wishes,
